

NOBLEWOOD™

2020 Picture Book

OUR STORY IS NOBLEWOOD'S STORY

In 2016, we set a new goal: launch a principled business that would pursue excellence while doing good for our customers, communities, and the planet.

The seeds of Noblewood took root on a trip to Indonesia. We met a family seeking to do good in their community. Equally important, they handcrafted stunning products from repurposed teakwood.

Fast forward to today. These beautiful, responsibly sourced teakwood panels are available in the US. And a significant portion of our profits are donated to noble causes.

Make our mission yours:
Reclaim. Repurpose. Do Good.

NOBLEWOOD™ RECLAIMED TEAK

Rescued from old homes and buildings over 100 years old, our beautiful Reclaimed Teak is naturally weathered by time and the elements.

It offers a highly desirable, distressed patina. And our Reclaimed Teak is **certified by the Forest Stewardship Council (FSC)** to be made from 100% recycled wood.

It is both visually stunning and certified good for the environment.

Available in three colors including Natural (Order No. 5013), Gray Washed (Order No. 5020, front cover), and Chocolate (Order No. 5037).

 NOBLEWOOD™
ROOTWOOD TEAK

The roots of teak trees rarely see the light of day, even after the tree is harvested. That's because they are most often left in the ground to rot.

However, Noblewood's Rootwood Teak accent walls redeem this underappreciated part of the tree and repurpose it as one of the most amazing wall panels we've ever seen. To say that Rootwood Teak makes a beautiful accent wall is an understatement!

Noblewood's Rootwood Teak is available in 3 colors: Natural (Order No. 5044), Accented Natural (Order No. 5051), and Gray Washed (Order No. 5068).

PICTURED ABOVE (Break Room):
Noblewood's Rootwood Teak, Gray Washed (5068), is a beautiful addition to any residential or commercial space.

Our stunning Classic Teak wall panels are handcrafted from wood scraps discarded by furniture producers.

So, this wood is literally saved from destruction and reimagined into a work of art fit for the most exquisite interior space.

Noblewood's Classic Teak is available in Natural (Order No. 5006). So, you can enjoy it as it is or stain it any color to match your color pallet.

Order No: **5006** | Product Name: **Classic Teak Natural**
Hand crafted wall panels made from repurposed teak. Ready for stain, if desired.
Case contents: **10 pcs. (10.8 sq. ft.) Each: 19.5" x 8"**
